

Campus Enrichment Student Club Membership Application Form

Campus Enrichment Club Mission Statement

The goal of the Campus Enrichment Club (CEC) is to provide opportunities for students to engage in enriching experiences beyond the classroom and even beyond our campus. The key objective is to raise funds to support study trips for our students. These trips will serve to broaden our students' horizons, expose them to diverse perspectives, and foster meaningful relationships among their peers.

Additionally, the CEC endeavors to enhance student campus life by providing avenues for collaboration and camaraderie. We firmly believe that these experiences will complement the academic journey of our students and contribute positively to their personal and professional development.
