Preparing students for the
smoothest college experience

PRE-USM

College Preparatory Program

PRE-USM PROGRAM

The USM Preparatory Program is a 10 month program that allows students from the vocational branch of secondary education to acquire the necessary skills, concepts, and experiences to be admitted into a degree program at USM, or to be prepared for college placement test elsewhere.

Pre-USM offers a blend of courses in Mathematics, Natural Science, Social Studies, and Linguistics needed to sharpen the communication and critical thinking skills which are required when following studies at tertiary education level. Students will earn their GED in addition to nine skill courses including Algebra, Life Science, Language Arts, and much more. Tutoring and one-on-one sessions will be available, as well as counseling. Classes are held in the morning and evening.
